“00” FLOUR — DOPPIO ZERO

Did you know that at Altomonte’s, we use imported Italian “00” flour in our pizza dough? Named for the finest grain of milling, “00” flour is superior for making pizza crusts, and our long fermentation process also makes it easier to digest.

“00” flour is the ingredient of choice in pizza dough made in Italy. It has been used there ever since the very first Margherita pizza was made for the Queen of Naples, nearly 150 years ago.

ALTOMONTE’S ROMAN STYLE PIZZA

There’s more to Roman style pizza than how it looks! At Altomonte’s, we take great pride in producing this authentic style of pizza that originated in Rome. Our incredibly long fermentation time creates a finished crust that is airy and light, more digestible, and better for you.

BUTCHER SHOPPE

Macelleria

Our Butcher Shoppe features local farm-raised USDA Choice and Prime Hanging Beef, the way real beef used to be. Hanging Beef is minimally processed and allowed to hang in cold, dry refrigeration for an allotted time. This allows for dry aging of the beef to produce meat with superior flavor and quality! Ask us about our Local Grass-Fed Beef freezer specials.

BAKERY

Panificio

Our delicious bread and rolls are baked fresh daily! We use nothing but quality flour, water, yeast and salt. As an authentic Italian bakery, we do things the old-fashioned way, shaping and forming each loaf and roll by hand. No preservatives. Bread just like Nonna used to make!

DELICATESSAN

Salumeria

Our deli features over 150 types of cheese and over 100 varieties of meat! We slice everything fresh to order, and however you like it... be it paper-thin or thick for cubing! We feature many items imported from Italy, like Parma Prosciutto, Sharp Provolone and much, much more! We pride ourselves on our Home Roasted Beef, Pork, and Turkey. Our Old World butchers tie and season the meat, and then we roast them to perfection.
